Rand McNally RMC Map Grid

NOTE!   *Before entering a new listing, find the RMC Map Page, Map Bottom, and Map Side before adding the listing to MLS. If you forget, you can still hit the Map Property button at the bottom of the edit listing page, and find the RMC overlay coordinates on that page. Close the Map Property window, and you can continue adding your listing.*

NOTE!   *Note: You will want to obtain a copy of the "Rand McNally Columbus Street guide 8th edition" or newer map book. This is a printed map that can be used in the event that the Tempo Rand McNally RMC search is unavailable. This book allows you to obtain the same map page and grid information that is available in Tempo.*
